8. CYCLONE EFFECT

Keycaps illumination shows a cyclone effect and reacts to your pulsation.

9. SCAN EFFECT

Keycap illumination reacts to your pulsation. To change backlight color, click again on this key.

10. LED OFF

Turn off the leds.

11. CUSTOM LIGHTING

This mode offers 10 backlighting modes. The first five modes are presets. The other five backlight illumination modes can be individually personalized.

• Custom lighting: presets

- **MOBA** Press FN + 1
- **FPS-5vs5** Press FN + 2
- **MMO** Press FN + 3

- **FPS-6vs6** Press FN + 4
- **SANDBOX** Press FN + 5
- **CUSTOM** Press FN + 6 - 0

To alternate between custom lighting presets, use the keycaps numbers on the main position of the keyboard **[don't use the numeric pad on the right side of the keyboard]**

• Custom lighting: create your own presets

You can individually personalize backlight illumination on five presets. You can turn off all lights keeping illuminated the keys that you want and choose a different color for each key.

1. Choose the key where you want to insert your own preset [FN+6-0]

2. Press FN +  to start the configuration [PRINT SCREEN button will start flicking]

3. Press FN + RIGHT ARROW button to change its color. This color define the color of the key you want to activate for your preset.

4. Press the keys you want to be illuminated. You can combine different colors on the same preset [use step 3 to change the color before activate a new keycap]

5. Press FN +  to end the configuration.

• Custom lighting: create your own colors

You can create your own colors palette. The swatches thus created are static: they don't flow with any preset nor custom lighting effects.

1. Press FN +  for five seconds.

2.    **Keys will start flicking.**

Warranty

• Who the warranty Protects:

This warranty is valid to the original purchaser only.

• What the warranty protects:

For your warranty claims, please contact Krom gaming overseas distribution partners in your country. Find the distribution partner list at www.kromgaming.com

Warranty: 2 years from purchasing date. [Depending on the laws of each country]

URL: www.kromgaming.com

E-mail: support@kromgaming.com

• What the warranty does not cover:

1. Any product, on which the serial number has been defaced, modified or removed.
2. Accident, misuse, neglect, fire, water, lightning, or other acts of nature, unauthorized product modification, or failure to follow instructions supplied with the product.
3. Repair or attempted repair by anyone not authorized by Krom gaming.
4. Damage to or loss of any programs, data or removable storage media.
5. Software or data loss occurring during repair or replacement.
6. Any damage of the product due to shipment.
7. Removal or installation of the product.
8. External causes, such as electric power fluctuations or failure.
9. Use of supplies or parts not meeting kromgaming's specifications.
10. Normal wear and tear.
11. Any other cause which does not relate to a product defect.
